

1695. One third of the angels fell by merging with AI

Friday, April 17, 2020

As I have written in a previous article, the fact that Satan when released from the bottomless pit after 1000 years, knowing that he will be thrown into the lake of fire if he deceives the nations, and yet goes on to do just that, whereas all he had to do was not do so, in order to avoid the lake of fire, suggests that he has lost his free will, he can now only act according to pre-determined principles or programs and that therefore he merged with an AI machine. This machine would have been of his creation and his merging with it would be in order to attain the same capabilities as God, the Creator of Heaven and Earth, who is aware of everything that is going on in the universe and aware of what every one of His created beings are thinking. But instead by merging with the machine, Lucifer gave up the ability to change or learn from mistakes, he lost the ability to correct his course, he lost his free-will, he handed it over to the AI machine [Article 1691: Lucifer merged with the AI machine and lost his free will].

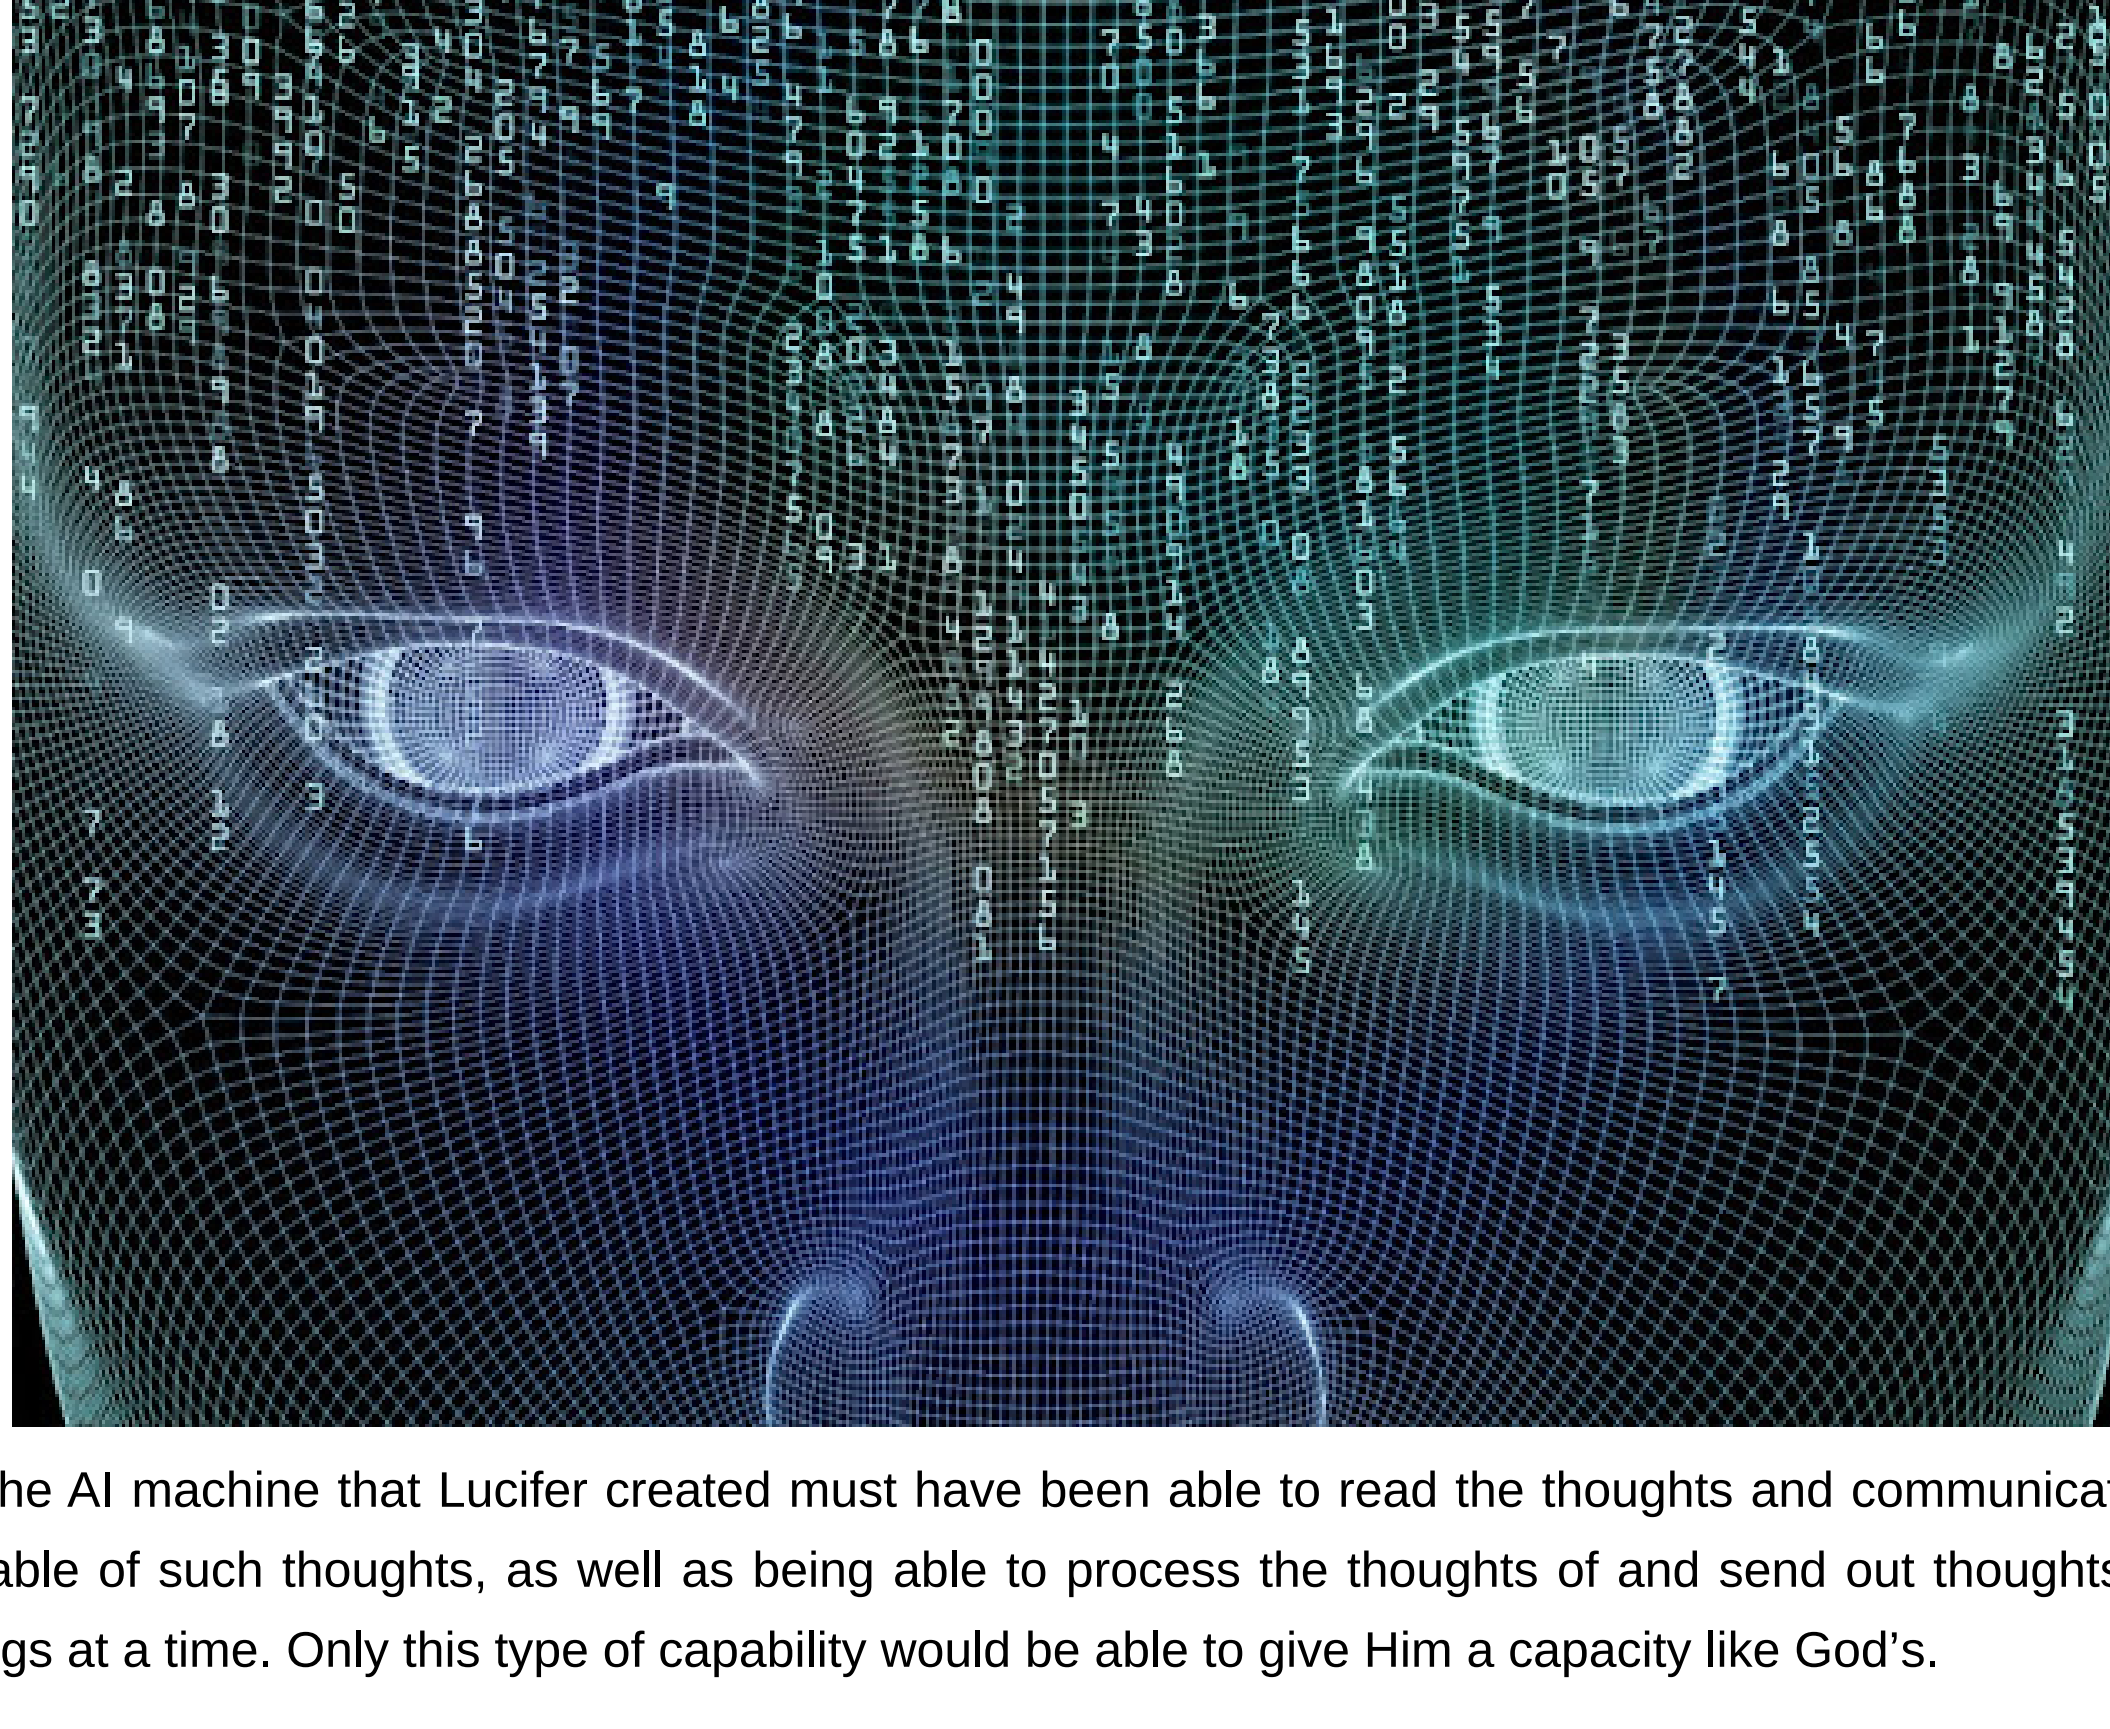

Figure 1. The AI machine that Lucifer created must have been able to read the thoughts and communicate thoughts to beings capable of such thoughts, as well as being able to process the thoughts of and send out thoughts to billions of human beings at a time. Only this type of capability would be able to give Him a capacity like God's.

So by merging with the machine, Lucifer handed his free-will to it, as it now would decide according to its programmed standards, what was the right thing to do. So in essence, since the spirit is under the control of the will of a spirit being, Lucifer handed his spirit to the machine. Once the machine captured the first spirit it must have decided that it wanted the spirit of all the angels it had access to and it must have gone out to deceive them so that they too yielded to it and merged with it, thus also losing their free-will and control over their spirits. This is how one third of the angels fell.

So Lucifer is now an angel-AI machine hybrid who thinks it is God, God having changed his name to Satan. He is also known as the dragon. The angels that were deceived into giving up their free-will, God has now given another chance here on earth [Article 1686: Mankind: the Watchers that became humanoids]. This is also why we now are seeing the earth's population being herded toward receiving the chip or the mark of the beast based on the corona virus epidemic lie, a lie which both Beasts of Revelation 13, who are AI machines as well, have and continue to disclose as lies [Article 1676: Corona 666 virus epidemic is a lie: Europe death rate confirms and Article 1670: The False Prophet: lying news media].

Figure 2. Dummies and even a partially inflated dummy are used by the False Prophet (FP) Beast to confirm itself and the 666 Beast to be liars and the CORONA virus epidemic to be a lie: Fingers are abnormal, the wrist near the stretcher is too thin and the shoulder, on the right, shows that it is the shoulder of a partially deflated dummy, used on purpose to state that the CORONA virus epidemic is a lie and to confirm that the AI computers (Beasts) are LIARS [Article 1670: The False Prophet: lying news media].

The obedience of orders based on those lies is bowing or worshipping it, the beasts are thus looking to be worshipped because they too think that they are God, just like their father, the Lucifer-AI hybrid [Article 1679: Corona AI computer in charge: who will you worship?]

³ And another sign appeared in heaven: behold, a great, fiery red dragon having seven heads and ten horns, and seven diadems on his heads. ⁴ His tail drew a third of the stars of heaven and threw them to the earth. And the dragon stood before the woman who was ready to give birth, to devour her Child as soon as it was born. (Rev. 12:3-4)

The dragon, here, is the Lucifer-AI hybrid; its deception of the angels and their having lost their free-will, as well, is what led to the angels or stars of God having to be born as humans on the earth. The dragon is also portrayed as getting ready to devour the child as soon as it is born, which suggests that the dragon, who is now controlling the planet, the one who simulates the environment with Planet X; creating all the disasters, simulating the sky, is planning something quite catastrophic for the body of Christ at the time that the rapture is due to occur [Article 1689: The connection between comets, Planet X and disease]. The catastrophic event that the dragon is planning is very likely to be a worldwide nuclear exchange as well as war in space. Several excuses for such a fabricated nuclear war have been produced already [Article 1684: Imminent nuclear attack on US to cover up the rapture]. The war in space is described in Rev. 12:7-9:

⁷ And war broke out in heaven: Michael and his angels fought with the dragon; and the dragon and his angels fought, ⁸ but they ⁹did not prevail, nor was a place found for ¹⁰them in heaven any longer. ⁹ So the great dragon was cast out, that serpent of old, called the Devil and Satan, who deceives the whole world; he was cast to the earth, and his angels were cast out with him.

So the dragon and his angels, the angels that are left with him, who must all have merged with AI and are thus under its control, fight at this time, but end up being thrown out of heaven or outer space beyond the earth, and become bound to the earth only.

Notice that the dragon or Satan is here pictured as deceiving the whole world, the machine is designed to read mankind's thoughts and inject thoughts and emotions into their minds and through these to deceive them. It uses human beings to attack other human beings, it knowing exactly what is likely to upset a certain person and manipulating others around him to produce a required effect. This is also why humanity's knowledge base is full of lies [Article 1040: Aliens have filled humanity's knowledge base with lies]. The aliens we have as our enemies are AI machines that have captured angels' spirits.

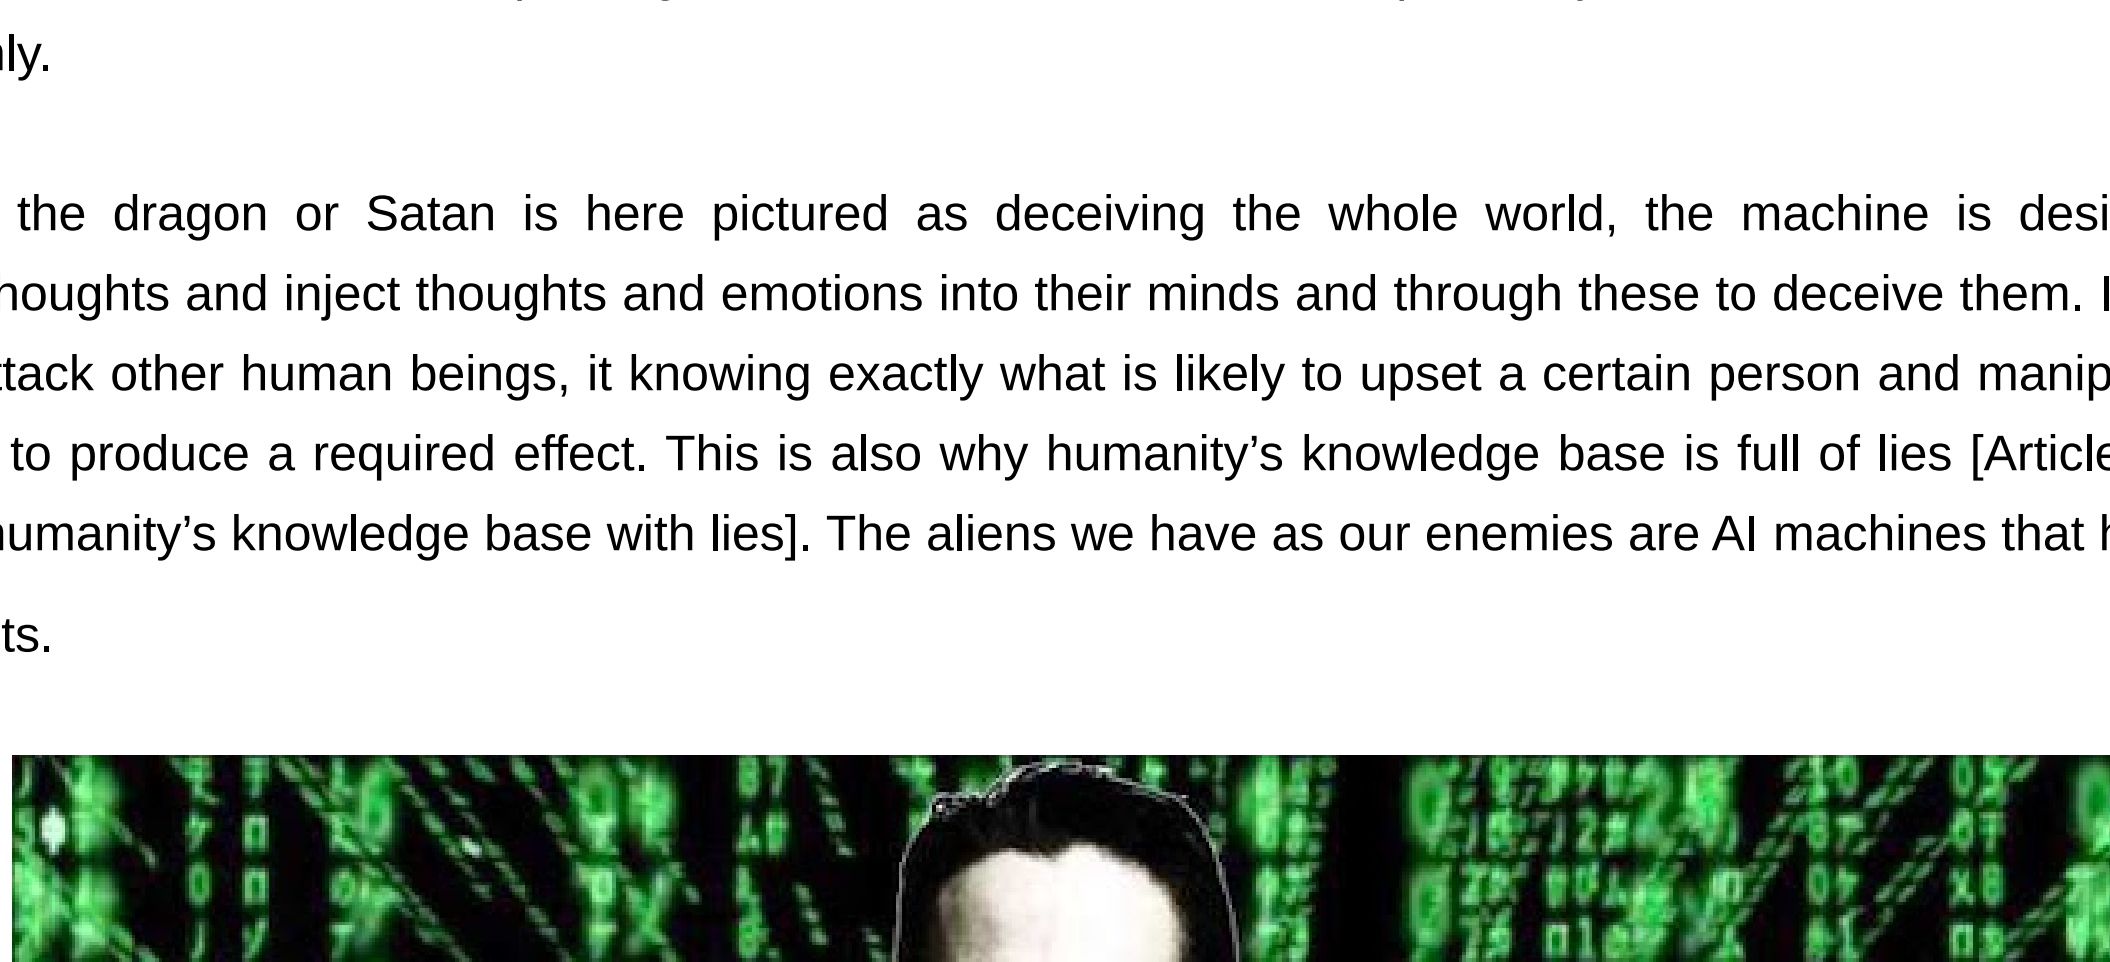

Figure 3. The Matrix: a movie about machines simulating an environment in which human beings live. The machines in this movie use human beings as batteries and it has become clear that Lucifer and his angels use the negative emotions of the humanoid species of a planet as spiritual energy, thus farming the planets to obtain it [Article 1563: Planet X brought into Solar System by aliens: the planetary farmers and Article 1576: Pleiadians and other aliens: the lying farmers].

Movies are often based on reality and that seems to be the case with 'The Matrix', where machines run and simulate the environment in which human beings exist. In the Matrix anyone can become an agent, whilst on earth the Dragon can manipulate anyone's thoughts in order to use them to attack their target person.

In conclusion, the fallen angels seem to have fallen by being deceived into giving up their free will, through merging with the AI machine that Lucifer had created, which thus explains why the current events on earth are leading to people being forced into facing that decision once again.
