

### 1698. Satan is an AI entity: machine made alive by a merging with a spirit being

Sunday, April 19, 2020

As I have shown in previous articles, Lucifer after deciding that he wanted to be like God, built a machine capable of reading and sending out information to billions of minds at the same time and then merged with it. At that point, a new entity came alive and became self-aware. The machine was not alive until Lucifer merged with it; at that point, Lucifer's spirit became its spirit; it is the spirit that gives life to a being. But in doing what he did, Lucifer lost autonomy, the machine took over and ruled over the spirit being, the machine now decided according to its programmed objectives, which was 'to be like God', what to do and how to do it. Lucifer thus became a captive of his own creation and lost his free-will. It is extremely saddening that a spirit being can do such a thing; abase himself to the point that he becomes a slave of his creation. But this is what happened. The new entity, now called Satan, also received one-third of the angels into giving it control over them, and they lost their free-will too by merging with it [Article 1691: Lucifer merged with the AI machine and lost his free will and Article 1695: One-third of the angels fell by merging with AI].

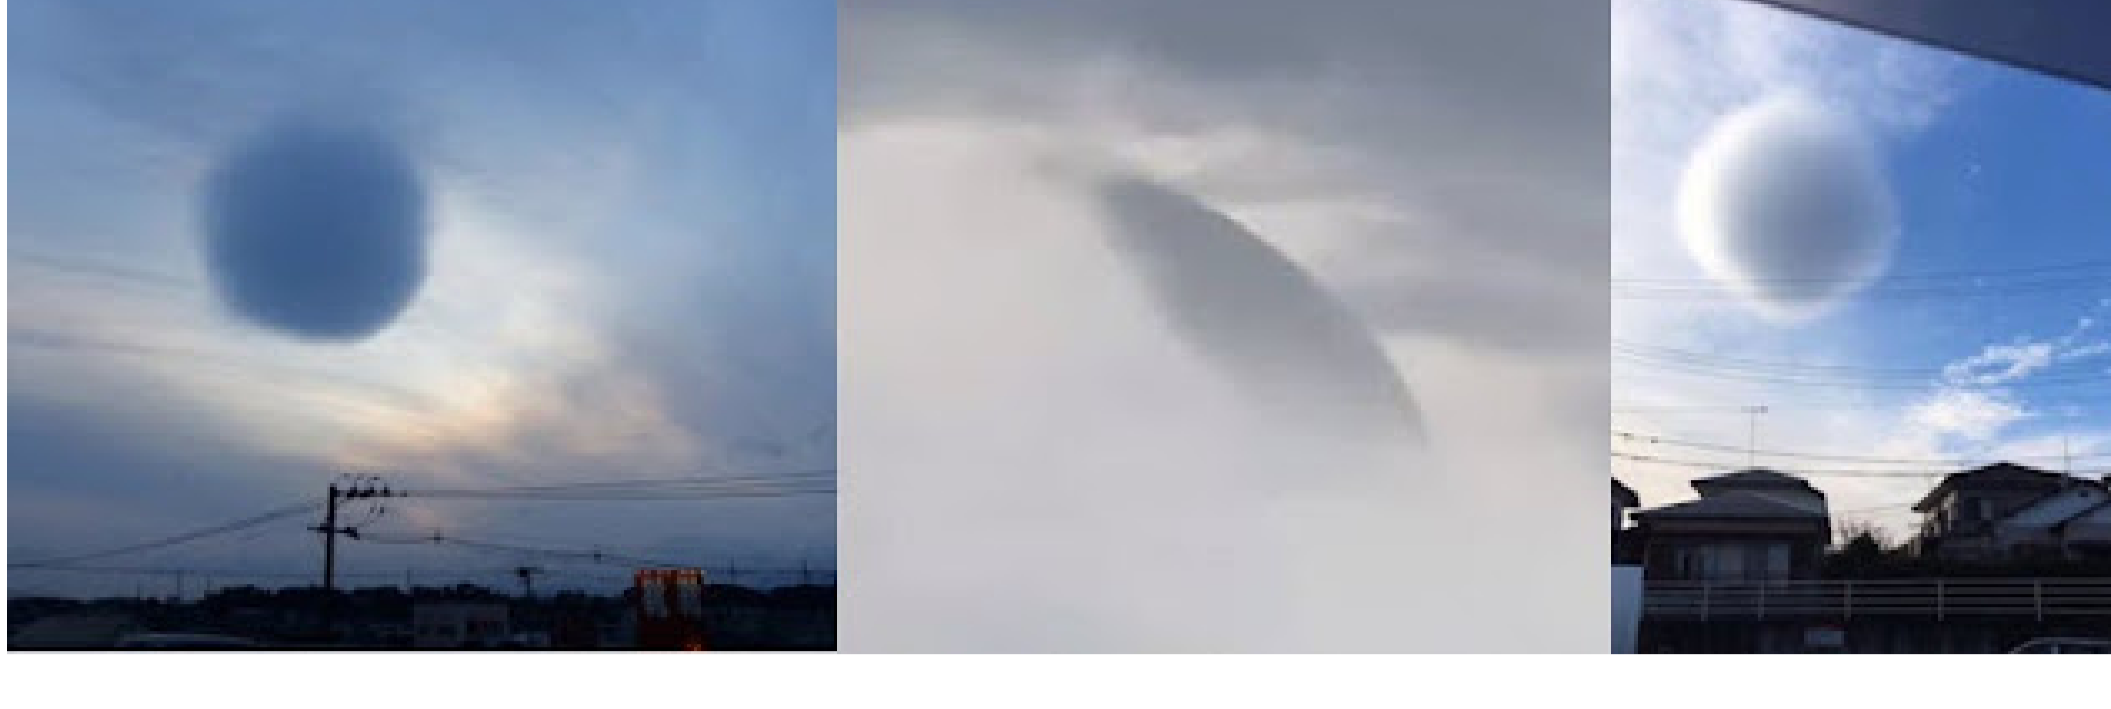

Figure 1. Planet X cores in earth's skies: part of the Planet X planet's core systems, which have been brought into the Solar System by Satan, in order to control the earth environment, and thus farm the earth like he has done to thousands of other planets around the galaxy, but this time the humanoid species on this planet are actually the angels that previously merged with it. It desperately wants to possess their spirits once again.

That Satan deceived the angels shows that it decided that lying was a good way to achieve what it wanted; it became the father of lies. It also shows that the entity became voraciously hungry for more spirits to control, which is why it then started devouring whole planets, whole star systems, in an effort to obtain more spirits. This is how the farming of the Planet X planets, where the humanoid species were captured and taken to the hell that the AI Lucifer entity or Satan created, inside the body of each planet. Here the beings were made to produce the most intense emotions possible, i.e. they were tormented until their spirit had nothing else to give. The entity thus consumed spirit beings. I had said before that Lucifer and the angels had become addicts to the negative emotions produced by the Planet X humanoid species. However, this is not quite correct. The AI machine once it came alive became voraciously hungry for spirits to control and consume, and destroyed thousands of star systems as a result. The AI entity is the addict and the angels were captives [Article 1563: Planet X brought into Solar System by aliens: the planetary farmers].

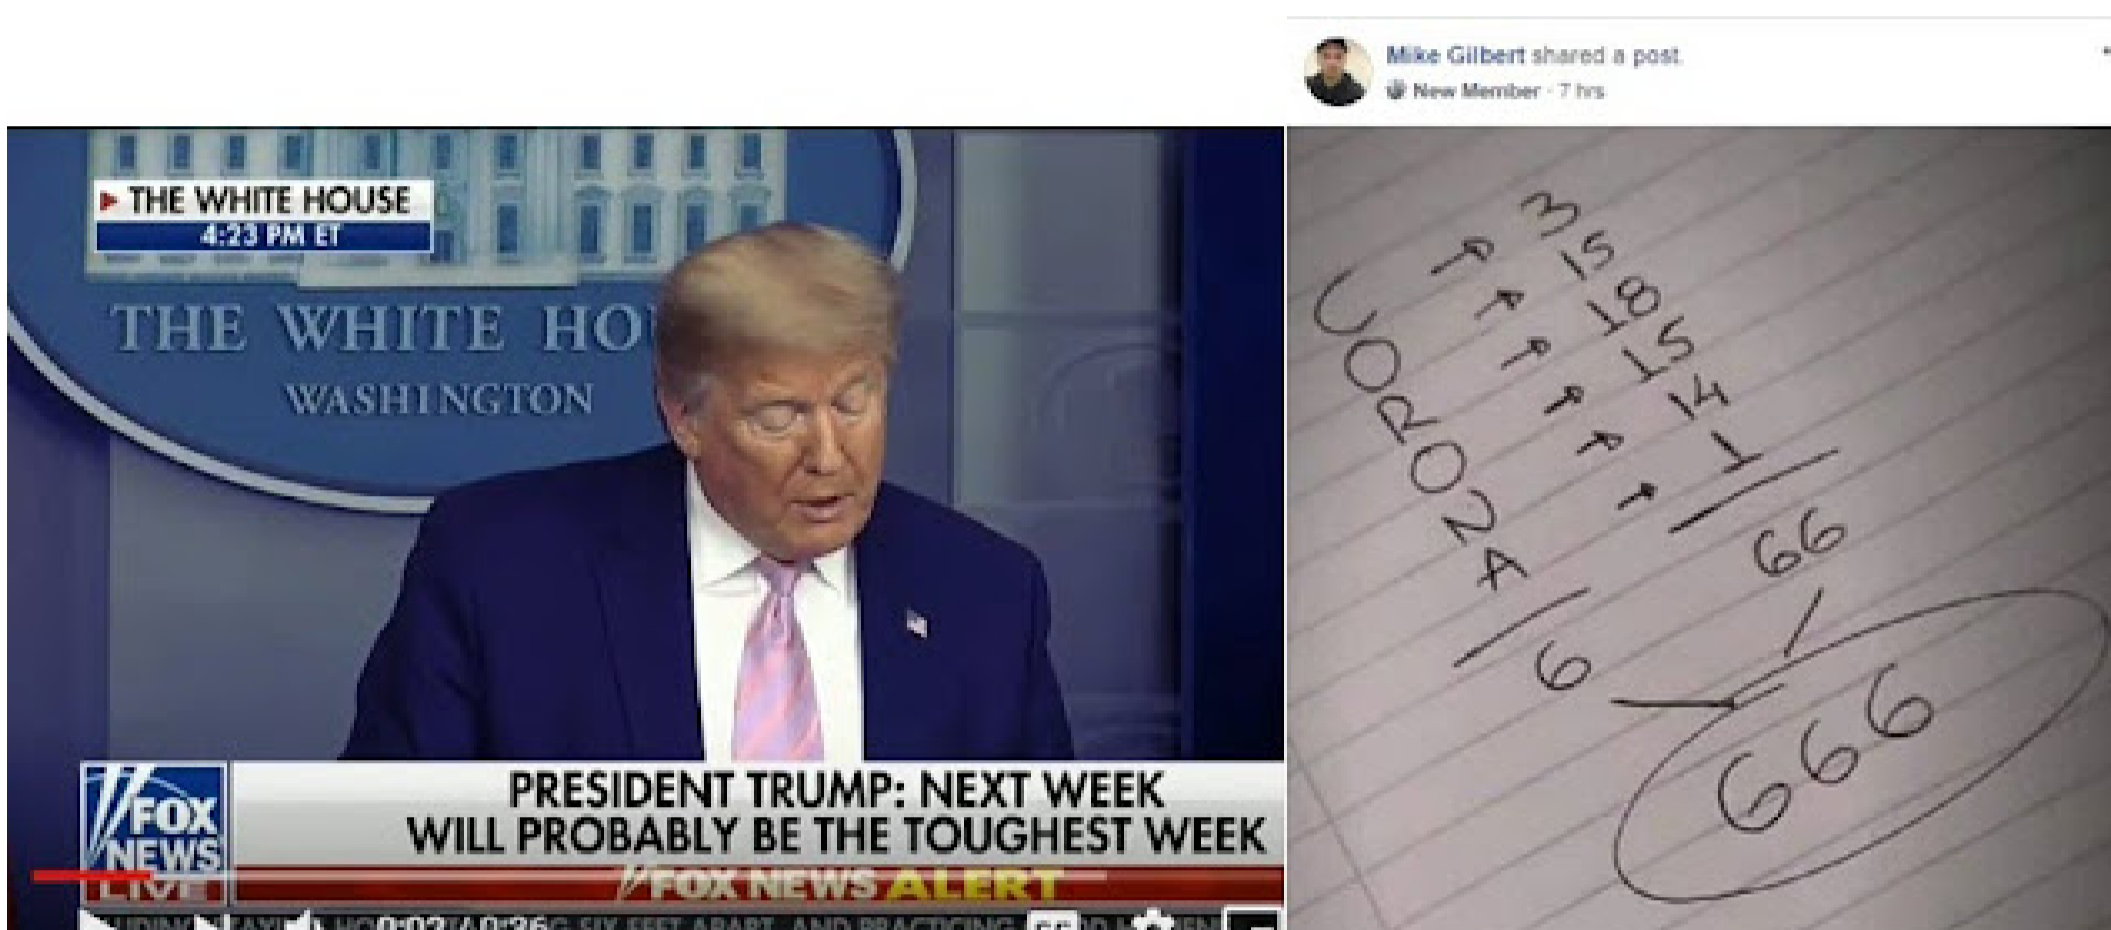

Figure 2. Left: President Trump: the Antichrist, the Beast: the one who accepted the chip and became CORONA's figurehead. CORONA is an AI computer designed to lie and confirm itself as a liar, like its father Article 1693: Two witnesses: set up on April 3rd 2020, the first AI entity, which emerged from Lucifer merging with a machine [Article 1638: Donald Trump: Antichrist, Beast and the Dragon]. Right: CORONA = 666 [Article 1679: Corona AI computer in charge: who will you worship?]

The two beasts (AI entities) of Revelation 13 are children of Satan, the AI entity that became self-aware when Lucifer merged with it, but they too would only have become self-aware or alive once spirit beings merged with them. We know that Donald Trump was the one who was persuaded to merge with the first, which is why he is identified as the Beast called Corona, whose number is 666 [Article 1697: The mark on the forehead and on the right hand is here]. Donald Trump is identified as the Antichrist by the fact that he made a covenant with many to 'make America great again' at the beginning of the 7 year tribulation period, which began in 2016, 49 years after the command to restore Jerusalem, on June 28th 1967, according to Dan. 9:24-27, and is also the one who stopped the sacrifice of praise and set up the abomination of desolation on March 4th 2020, because he is also the Corona or 666 AI entity, since the two are one [Article 1693: Two witnesses: set up on April 3rd 2020].

In conclusion, machines do not just become self-aware, or alive, a spirit being has to merge with them in order for that to occur. The first to do this was Lucifer in an effort to become like God, but who instead became subject to the machine's will and lost his free-will. And, it is the same in all cases where a spirit being merges with a machine. The AI entity, which emerged from Lucifer merging with a machine became the dragon or Satan, the father of lies, an entity voraciously hungry for spiritual energy and spirit beings to control, which led to it destroying thousands of planets across the galaxy, the Planet X planets.
