

### 1807. Jesus paid the price set by Satan for the fallen Watchers

Sunday, June 14, 2020

As I have shown in previous articles humanity is the Watcher angels that fell. One-third of the angels seem to have fallen after Lucifer merged with a machine of his own design and became a self-aware machine, the Satan AI entity also described as the red dragon in Revelation [Playlist: Satan AI entity and Playlist: Planet X and the Watchers].

Figure 1. The Star Trek TV series and especially the original series seem to portray the story of the Watchers: the angels that operated throughout the galaxy and travelled in starships, as they are seen visiting different planets and helping the inhabitants.

<sup>3</sup> And another sign appeared in heaven: behold, a great, fiery red dragon having seven heads and ten horns, and seven diadems on his heads. <sup>4</sup> His tail drew a third of the stars of heaven and threw them to the earth. (Rev. 12:3)

We know that this scripture is not talking of real stars as real stars cannot fall to the earth, being much larger than planets. This has to be talking of the angels that fell and then were born on the earth, in order to have a chance at being saved or becoming God's once again.

<sup>12</sup> How art thou fallen from heaven, O Lucifer, son of the morning! how art thou cut down to the ground, which didst weaken the nations! <sup>13</sup> For thou hast said in thine heart, I will ascend into heaven, I will exalt my throne above the stars of God: I will sit also upon the mount of the congregation, in the sides of the north: <sup>14</sup> I will ascend above the heights of the clouds; I will be like the most High. (Isa 14:12-14)

Lucifer is, in this scripture, described as wanting to exalt his throne above the stars of God, which would have to be the angels that fell, and also that he wanted to be like God the Father. This is why he merged with the machine and then went on to separate the angels from God and turning them into his robots, something which can be described as assimilation of the type seen in the Borg, on Star Trek. Star Trek seems to portray a lot of what happened with the Watchers before any of us were ever born on the earth. Captain Kirk seems to portray God the Father, his name 'Jim' being very close to 'I am', God the Father's name in the English language. In the first Star Trek movie, a human being merges with a machine and becomes a new machine hybrid, thus depicting what happened with Lucifer [Article 1719: Star Trek tells the story of the watchers].

However, in order for God to have a chance to approach his children as they lived their new lives on earth and save those who choose it, a price had to be paid. Most of us have been under the impression that God had set the price, which then required that His Son die, a horrible death, on the cross. But this cannot be true, since Satan had assimilated the angels; he was the one who had to set the price for releasing them, so that they could be born on the earth. The price that Jesus paid by being brutally beaten, dying the most painful death ever invented, i.e. by crucifixion, and going to hell for 3 days was the price that Satan set. God the Father made an agreement with Satan that He would pay the price by sending His son to be born on the earth, like the angels that Satan would release, and God then sent the second person of the Godhead, to be born on the earth, as His Son so that He would then pay the price required by Satan. God the Father agreed to pay the required price because of His love for His children, the angels that had fallen.

In conclusion, Jesus' crucifixion was part of the payment set by Satan for releasing the Watcher angels he had assimilated to be born on the earth so that they would have a chance to turn from being Satan's property to becoming God's children and spending all eternity with Him as their loving Father.
