The author of that website proposed the following solution to expel and/or curtail the diabolical Judeo-Masonic influences:

Our individual choices can affect the fate of nations and other institutions which today, also face the moment of choice. If our nation would survive and prosper today, it must find ways to expel and/or curtail these diabolical Judeo-Masonic influences. I suggest this might be accomplished by:

- 1) holding on to our Christian faith and our God-given, inalienable rights as spelled out in the Bill of Rights of our U.S. Constitution,
- 2) canceling the multi-trillion dollar national debt now owed to private central banks as and replacing our current money system with a Constitutionally-based system,
- 3) repealing the Federal Reserve Act of 1913, the National Security Act of 1947, the Immigration Reform Act of 1965, and the host of executive orders that now enable Presidents to usher in Martial Law virtually at their own whim,
- 4) withdrawing from the United Nations,
- 5) eliminating and outlawing all Jewish lobby groups as well as Jewish ownership of the media/entertainment industry,
- 6) stopping all foreign aid to Israel, and
- 7) bringing American troops home from military campaigns that advance the Judaic/Israeli goal of Jewish world government.
