

This Is What I Believe

I am a conservative, Christian, American that previously voted for Donald Trump for President. So I am not some left-wing radical that simply hates Trump. Or hates Alex Jones for that matter. I simply have searched for the truth and have found it. And the truth is what it is. Whether some people like it or not.

It is my opinion that each of the following men were groomed and prepared for the role they were going to play in carrying out their fathers' long term objectives. Those men are: Donald Trump, Alex Jones, and Bill Gates. I believe that each of the fathers of these men were possibly members of the Illuminati. That the objectives were so long term, that the fathers had their sons carry out those objectives for them.

What I have stated above is speculative. I can't prove this statement that I have made concerning the long term objectives of these three mens' fathers, but I suspect if you dig deep enough that you will discover this information for yourself.

Donald Trump publicly states all the positive goals that he has for our country, but there is one goal that he consistently supports that is not so positive. That goal is his advocating of the vaccines. Don't you find it ironic that the one goal that he consistently advocates is the vaccine even though those vaccines are killing and harming people? And don't you find it ironic that the vaccines that are purported to be the Mark of the Beast were created under the direction of Donald Trump who is purported to be the Antichrist. Since the Antichrist's primary objective is to have the Mark of the Beast (COVID-19 vaccines) administered to as many people as possible, then that would be where his emphasis lays. The COVID-19 vaccines (Mark of the Beast) is his primary objective and all of the other goals he supposedly subscribes to are simply distractions for what his main goal is, and that is the COVID-19 vaccines. Donald Trump is the Antichrist. All of Trump's actions appear to be very positive for the benefit of America, but there is only one area that he is truly interested in, and that is the area of the COVID-19 vaccines (Mark of the Beast).

Alex Jones uses disinformation tactics. Alex Jones provides us with a lot of factual information that is in fact the truth. But there is one topic that he never has any criticism for. And that topic is Donald Trump. Alex Jones' Infowars never criticizes Donald Trump. Alex Jones' role is to support Trump and essentially provide cover for him. Infowars views any criticism of Trump as that coming from left-wing radicals and is not to be believed. So if you are a conservative that says anything critical concerning Donald Trump then you are immediately labeled as a left-wing radical. Alex Jones by him supporting the Antichrist (Donald Trump) makes him a false prophet. Most of Alex Jones actions appear to be very positive for the benefit of America, but there is one topic that he is never critical of, and that topic is Donald Trump. So Alex Jones' first primary function is to accentuate and provide cover for the Antichrist (Donald Trump). Dr. Claudia Albers states that Satan uses open disclosure. He lies to us and openly states that he is lying to us. This is because God will not allow him to do what he wants unless he openly discloses it to us first. Open disclosure gives Satan power. The second primary function of Alex Jones is providing open disclosure for the Illuminati. Although Alex Jones uses disinformation by mixing the truth with distortions, he is obligated to provide the truth to ensure that the open disclosure requirement is met. Open disclosure, being providing people with a warning as to what is forthcoming. Without this open disclosure, the Illuminati would not be free to carry out their plans for they would not be allowed to by God. So by Alex Jones providing truthful information, his motive is not to warn us, but to meet the obligation of providing open disclosure, for without Alex Jones providing open disclosure to us, the Illuminati would not be able to carry out any of their plans. By Alex

Jones, as the messenger, purposely behaving in an outrageous manner, he is discrediting the message (which is true) and thus that message loses its credibility. So he is meeting the obligation of “open disclosure” but people won’t accept that message due to the fact as to the way that message was delivered.

Bill Gates' company, Microsoft, developed the patent "1. WO2020060606 - CRYPTOCURRENCY SYSTEM USING BODY ACTIVITY DATA". This patent is the Mark of the Beast. Bill Gates is a strong proponent of vaccinations. He provides support to administering the COVID-19 vaccines (Mark of the Beast) to all people, worldwide. Bill Gates' company, Microsoft, has provided the technology to carry out their plans to implement the ability of peoples’ bodies interfacing with a cryptocurrency system by means of their body data. This technology has been enabled by the administering of the vaccines. Bill Gates is essentially the creator of the Mark of the Beast (COVID-19 vaccines). Bill Gates on the surface appears to be a philanthropist by promoting vaccinations to supposedly help people, when in fact the one area that he is primarily interested in is the administering of the COVID-19 vaccinations which are the Mark of the Beast. The COVID-19 vaccinations will enable people to interface with the cryptocurrency system using their body data. So in summary, Bill Gates is the creator of the Mark of the Beast (COVID-19 vaccines).

Satan uses deception as his primary tool that he uses against us. All of these men mentioned above use deception to hide their true objectives. Satan’s primary objective is to have as many people vaccinated as possible with the COVID-19 vaccinations (Mark of the Beast). And by having as many people vaccinated as possible, Satan is harvesting their souls to Hell.
